

It has been an exciting year at Destiny College so far! We continue to broaden our horizons with new students and online connections across the globe. Already, this academic year, we have had students participating in our full and part time courses from all around Europe and even Asia. We look forward to the fruit that is to come for the Kingdom of God through these endeavours and for more new students to join us this year.

There have been some recent changes in our staff team as Fiona Schubert became College Dean and Andy Brady joined the team as Assistant Dean.

## LEADERSHIP

The year launched with faith and enthusiasm, filled with opportunities for the students to see God at work in, and through, their lives. This included a very successful mission trip for our 17 1st years - one team in London and the other on the West Coast of Scotland. The students reached out, ran creative events and shared the love of God with the people they met, leading over 35 people to accept salvation through Jesus! They head off again on mission, to Germany and the Czech Republic, in May.

The students and interns all also had the opportunity to serve at several significant Destiny Ministries events: Impact 2018 for students and young adults, Diamonds 2018 for women, and International Leaders Day attended by leaders from all around the UK and other parts of Europe.

This year's 2nd year intern class is our largest ever with 14 students embarking on this life-changing season of ministry training in areas including pastoral, kids, youth, worship and stewarding. Some of the class have progressed straight through from the 1st year course last year, but others are returning students after a number of years.

# COUNSELLING

The Counselling courses we run have been developed by the SQA and a new intake of students began HNC this year, joining those who progressed into their 2nd year. With a further BACP approved Counselling course added to our repertoire, we will be commissioning our first ever HND class this summer at a very special celebration, during SURGE19 at the SEC Armadillo, alongside students from all our other courses. What an exciting development for the college.

Come and cheer them on!

## SHORT COURSES

We began a whole new programme of short courses last term. Across five Thursday nights people gathered in our newly refurbished facility and connected online from as far afield as China!

There was a choice of three very different modules: Understanding the Bible, God's perspective on Dating and Spiritual Leadership. Delegates enjoyed the breadth and depth of teaching and opportunities to meet new people from all the courses over a coffee during the breaks. We begin a new round of short courses in a few weeks time.

### Short Course Options Term 2 - 2018/19:

- STRONGER - Growing your life the way God intended
- SHAPE - Discover who God made you to be and how to use your gifts to advance His Kingdom
- FAITH? - What is faith? Who is Jesus? Why does it matter?

# TESTIMONIES

Djeef Nyembo  
Pastor of  
Destiny Church  
Aberdeen

“Before I came to Destiny College in 2012, I was in University studying 2D/3D Animation with Digital Art but the moment I came to know Jesus, I knew there had to be more to life than this. Destiny was birthed in my heart but I needed God's help to direct me. I wanted to know why God placed me on this earth and that is when I heard of Destiny College.

Life in DC was a great adventure with God, learning about leadership and how to advance the kingdom of God from real life-giving teachers, who were living what they were teaching. God birthed in me a passion for church planting, evangelism and a pastoral heart.

Now, I am living the very dream God showed me, leading as a Pastor in Destiny Church Aberdeen. The church is alive and thriving, I'm happily married to my Sarah and looking forward to what God has for us for the future. DC has not only got me into a great position to walk in the blessings of God, but it has also helped me learn how to do life and expect great things from God everyday.”

Diana Cameron  
Current HND  
Counselling Student  
at Destiny College

“In 2015, I began Destiny College's HNC in Counselling and set out on an incredible journey of training and self-discovery. I had a deep desire to learn how to walk alongside those who are suffering emotionally and psychologically, and felt Destiny College was a perfect place to do this.

The course, along with its experienced and passionate tutors, has developed and equipped me with invaluable knowledge, skills and experiences in Counselling. I am now working towards my HND in Counselling and look forward to setting up my own private practice in the future.

Destiny College has been an amazing place to learn and train as a counsellor and has helped me unlock my God-given potential.”

#transformation

Alumni

We invite anyone who has previously studied our Leadership Course to visit for a refresher class (in person or online). We'd love to see you! Please contact us for this term's timetable.

# PARTNER WITH US

Prayer: We really value your prayers . Please believe with us for the following things:

- Each student to complete this year – thriving, well and strong.
- Continued growth and development of the college, especially our online campuses and connections, our current courses and new course options.
- Our biggest intake in Destiny College history, for all our courses in September 2019.

Financial: Whether you want to give a monthly amount, a one-off gift, or sponsor one or more students during their time at college - every contribution makes a valuable impact and investment into the Kingdom of God and its advance, through individual lives.

Visit our website for more information on how to become a DC Partner or to donate.

Interested in studying at Destiny College, in person or online?

Why not visit our website for more information, to register, to apply, or to arrange a class visit? It would be great to hear from you!

Applications are now open for September 2019.
